

Service Learning Experience Written Evaluation

You are required to write a reflection paper or keep a journal about your experience in Community Service. The paper should be a minimum of 500 words in length, neatly written in ink or typed, and should have the name of the agency as well as your name at the beginning. Please turn this in to your coordinator soon after you have completed your hours. Your Community Service is not complete without it and your transcript will not be credited until all evaluations, the paper, and your Reflections Meeting have been completed.

You should write on both questions 1 and 2 and any others you feel might add to your paper.

1. Describe and give examples of the impact community service has made on you. How were you affected (positively or negatively) by the people and/or the place where you worked?
2. Describe and give examples of the impact you made on the agency and the people with whom you worked. What have they learned from you?

Optional thought questions:

- A. Discuss the most important thing you learned: a. about yourself, b. about working with other people.
- B. Describe how you feel about community service work.
- C. What did you like least about this service work?
- D. What did you like best about this service work?
- E. Describe your commitment to the service before you started. Did it change? If so, how?
- F. If you think service to others is important, will you volunteer your time again at some point in your life? Why or why not?
