

## **Transportation - Andover & Lahser High Schools**

### **IMPORTANT NOTICE**

Dear 8<sup>th</sup> Grade Students and Parents:

Bloomfield Hills Schools is committed to providing safe, reliable transportation for all students. To do so, we must realign our resources to meet student needs. We have approximately 2,000 high school students attending both Andover and Lahser high schools. Under the current bussing system, we must plan for transportation of all high school students when scheduling bus routes. Approximately 800 high school students, or 40 percent of those eligible to ride a bus, actually utilize our transportation services. Streamlining bus routes and stops for high school students who do not utilize our bus transportation has the potential of a cost savings to the District.

As a way of determining the location of eligible high school students who require bus transportation, please complete the enclosed form and return to the school office with your child's scheduling information.

If your child requires bus transportation, please mark "yes."

If your child does not require bus transportation, please mark "no".

By completing the form, you will be assisting the Transportation Department in planning the most efficient routing schedule. If you mark "no" on the form and find your child needs bus transportation for a special circumstance, your child will be requested to go to the bus stop nearest your home. We realize there may be circumstances throughout the year that require your child to use bus transportation, and we will accommodate those needs as they arise.

Thank you for your assistance in helping to streamline our transportation routing schedule. If you have questions regarding this issue, please phone 248-341-6290.

Sincerely,

Karen L. Porter  
Transportation Manager
